

- The institution provides an inclusive environment for everyone with tolerance and harmony towards cultural, regional, linguistic, communal socio-economic, and other diversities. Different sports and cultural activities organized inside the college promote harmony. Children with disabilities (visually hampered, audio-visually impaired) must be accepted without prejudice along with peers without disabilities. We started a social-emotional development program with a nearby अध मुक बधिर शाला पामगढ to inculcate friendships with them and a sense of belonging to foster their holistic development. The institution organizes Youth and Cultural festivals to celebrate cultural diversities. NSS Units of our college participate in various programmes related to social issues organized by other colleges. Every year it is customary in our college to celebrate Freshers Day and Farewell. The main motive of this day is to welcome new students in a friendly atmosphere and to encourage their creative impulses to boost their confidence. It is the day when seniors and juniors finally bond and unite to celebrate being part of the college. College organizes extension activities in schools as a part of Education Social Responsibility. The students also celebrate New-year's day, Fresher Party, teacher's day, and farewell program, Induction program, rally, oath. To promote a green environment, the students planted trees in the campus under the One Man One Plant scheme. The extension activities are targeted towards enabling a holistic environment for student development. Commemorative days like Women's day, Yoga day, Cancer day, AIDS day, and many regional festivals are celebrated in the college. These practices establish positive interaction among people of different racial and cultural backgrounds. There are other grievance redressal cells in the institute like the Student grievance-redressal cell and the Women grievance redressal cell, which deal with grievances without considering anyone's racial or cultural background.
